“Some Sunny Day” will present songs of the period linked with ‘stories’ of WW2 and the 40s. We have assembled an extensive collection of stories, photographs, anecdotes for the script and interesting items from the period. The stories include the very funny, serious accounts of men and women who lost their lives, and what people and school children did to support the war effort. There is poetry; there is prose; there are galleries which tell a story. Nearly all the material has been supplied by local people and most has not been published before.

There will be opportunities for the audience to join in familiar songs.

There is a drama linking the items. It is the Spring of 1947. The War ended nearly two years ago and the boys and girls have finally been demobbed. The country has just been through the bad winter of 1946-7. The Village (Charlton St. Mary's) wants a celebration show in early summer so a Committee has been set up. They want to outdo the neighbouring village of Little Binding! We will be eavesdropping on the Committee as they work on the show and remember what they've been through.

The characters in the drama are

The Committee

Col Frederick Brown (Rtd), Chairman
Mrs Elizabeth Witheny, a pillar of the
Community

Peter Grainger
Lynne Glover

Miss Mabel Johnson, a land girl during
the war, now works in a shop

Harriett Eavers

The other characters

Mrs Gloria Mott, the Village Hall caretaker
Constable Frank Thomas, the Village bobby

Sue Drinkwater
Don Goold

Others will be doing readings, singing and providing musical interludes – all in costume. There is a joyful conclusion to the whole show.
